Judge Drops  
Several Justice,  
Dept. Charges

A federal judge today dismissed a Justice Department race rioting complaint against the Birmingham, Ala., police department and one of three Ku Klux Klan organizations.

The ruling came shortly after the Justice Department rested its case in an injunction suit against police in Birmingham and Montgomery and three Klan factions growing out of recent "Freedom Rider" mob violence.

U.S. Dist. Judge Frank M. Johnson Jr. refused to throw out the complaint against the Montgomery police and the other two KKK organizations, and four individuals. He dismissed the complaint against the Federated Ku Klux Klan Inc., and Lester C. Hawkins of Montgomery, identified by the Justice Department as one of its officers.

Federal attorneys had produced records of telephone calls to tie the Freedom Rider bus violence to the KKK.

Some of the calls were made by someone who gave the name of an acknowledged Klan leader, Robert Shelton of Tuscaloosa, Ala. Others were charged to the telephone listed for Robert Shelton. Still others were made from other places to the Shelton phone number.

Other calls were charged to the phone listed for a Kenneth Adams Anniston, Ala. A witness with the same name refused on the stand Tuesday to answer questions about the recent racial rioting. An Anniston photographer testified, however, that he once saw the witness, with a robe in his hand, at a KKK cross-burning rally in Anniston.

Charles D. Price Southern Bell Telephone district manager from Birmingham, Ala., identified the records in the third day of a federal court hearing.

The Justice Department is asking for a continued no-violence injunction against the Klan, and also for a court order to compel Montgomery and Birmingham police to protect Freedom Riders and other interstate passengers in the future.

Government attorneys have charged that police in the two cities deliberately failed to provide protection before race riots in Birmingham May 14 and in Montgomery six days later.

A U.S. judge in New York City today ordered the New Rochelle, N.Y., Board of Education to start immediately permitting unrestricted transfer of Negro pupils from a predominantly Negro school for the 1961-62 school year. The board has contended that pupils come from a school district with a predominantly Negro

Death Toll  
Continues  
to Climb

By THE ASSOCIATED PRESS

Traffic	448
Boating	38
Drowning	61
Miscellaneous	116
Total	663

The nation's traffic death toll racing along at a tragic steady rate of more than four an hour for 102 hours hit a record high for the extended Memorial Day weekend.

Late reports covering the period from 6 p.m. Friday to midnight Tuesday (local time) were expected to boost the final count far past the previous high of 413 for a four-day Memorial Day observance. That was in 1957.

Safety experts expressed fear the belated reports might show one of the heaviest tolls for a holiday weekend during the spring and summer months in 11 years. During the July 4 1950 weekend of four days 491 persons were killed in traffic accidents.

This year's heavy toll on the highways compared with 367 traffic deaths for last year's three-day Memorial Day weekend. Other violent fatalities during the four-day weekend included drownings not involving boats in boating accidents and from miscellaneous mishaps. The over-all death toll compared to last year's 579.

In the 1957 Memorial Day weekend there also were 134 drownings and 113 persons killed in miscellaneous accidents for a death toll of 660.

The National Safety Council which joined with police agencies during the long weekend in urging motorists to drive with caution underestimated the heavy traffic toll.

The council in a pre-holiday statement estimated 100 persons might be killed in the 30-hour period from 5 p.m. Monday to Tuesday.

Calls Bond  
Issue Curse,  
Not Blessing

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — A proposed \$80 million state construction bond issue would be a curse instead of a blessing to the agencies it was designed to help Dr. Edwin L. McDonald editor of the Arkansas Baptist magazine charged in an editorial Tuesday.

The bond money would be pledged to construction while additional operational funds would be needed by the expanded facilities McDonald said.

"Would this not be a curse and not a blessing to the institutions we are supposed to be helping through the bond issue?" the editorial asked.

McDonald had earlier voiced objections to the bond proposal because money from an extension of the horse racing season at Hot Springs Oaklawn Park would be pledged to retire the bonds.

Even with the racing money McDonald said in Tuesday's editorial an additional \$3.4 million a year would have to be "scrounged from the existing taxes."

Two Accidents  
Investigated

City Police investigated two accidents yesterday, neither resulting in very heavy damage.

At 6th and Hervey autos driven by D. B. Phillips and Mike McMurrugh collided and on West Second Street cars driven by A. P. Delaney and J. H. Hood ran together. All four had minor fender and bumper damage.

Merchants  
Group Adopts  
New Name

Hope Retail Promotion Association is the name adopted by a group of local merchants in a meeting held last week. However this is not a new organization.

For a number of years this same group of merchants has been meeting together regularly once a month, planning special promotions, working with the city commission on problems of interest and concern to the business community, assisting in other community endeavors and attempting to better serve our city in every way possible.

The new name of this organization has been adopted in order to avoid any confusion with the Merchants Committee of the Hope Chamber of Commerce and to better describe the functions of the organization.

This group formerly known as the Retail Merchants Committee is a group of retailers, voluntarily associated together and is open to any Hope retail business. There are only three requirements for membership:

(1) membership in the Hope C of C; (2) a willingness to participate in the organization's program; (3) and payment of regular monthly dues in addition to C of C dues.

The dues collected have been used to purchase additional Christmas street decorations of over \$1,000, furnish prize money for the Christmas parade, pay the expense connected with promotion of Shoppertunity Days, sidewalk sale and other organization wide promotions.

Congo President  
to Visit U. S.

WASHINGTON (AP) — The White House announced today that President Fulbert Youlou, president of the Republic of the Congo, will visit the United States informally June 8-10.

The Congo leader will arrive in Washington June 8, and will visit New York before returning to Brazzaville.

He will be received by President Kennedy, who will be host at a luncheon honoring him on June 8, and will pay an official call on Secretary of State Dean Rusk.

Arkla Foes  
Hire Own  
Rate Experts

LITTLE ROCK (AP) — Opponents of an Arkansas Louisiana Gas Co. rate increase today announced hiring of a firm of Washington, D.C. utility rate experts.

And opposing attorneys tentatively agreed on June 16 for another Public Service Commission hearing in the case.

City attorneys of Pine Bluff, Benton, Conway, Morrilton and El Dorado announced the selection of Van Seay and Wickup of Washington to study Arkla rates. The PSC recently hired its own rate expert, James M. Honaker of Frankfort, Ky.

The cities are opposing a 70-cent a month increase in Arkla's minimum bill. The boost took effect April 1, but cities have asked the PSC to set it aside and order Arkla to make refunds.

The next hearing will be for city attorneys to begin cross-examining Arkla witnesses who testified at earlier hearings.

Originally the rate increase was tied to an Arkla proposal to standardize — and in most cases increase — franchise fees it pays to cities. The rate raise took effect automatically. The franchise fee change requires commission approval.

Commissioner John R. Thompson said Melwood Van Seay of the Washington firm had worked in other cases before the commission.

Pine Bluff City Atty. George Holmes described him as nationally-known in the utility rate field.

on Flying Visit  
to Corn Belt

A four-engine Constellation airliner will arrive at the Hope Municipal airport between 3 and 3:30 p.m. Thursday, June 8, bringing 76 Germans as guests of Corn Belt Hatcheries during a study of the poultry industry of southwest Arkansas.

Corn Belt will entertain the visitors with a chicken barbecue at the company's demonstration farm near Blevins at 6:30 Thursday night. Guests will be not only the visitors but the employees and producers of Corn Belt Hatcheries Delight Egg Farms, and Southland Farms — a barbecue crowd estimated at 1,000.

The event will also be designated as Producers Recognition Night, with trophies to be awarded the best producers.

Thursday night's speaker will be Dean Olson, of Olson Brothers of Los Angeles.

A special guest is to be H. B. Wallace of Hy Line Poultry Farms of Des Moines, Iowa.

Pickup in  
Employment  
to Continue

WASHINGTON (AP) — The Labor Department reported today that a gradual employment pickup begun in March is expected to continue at least to mid-July.

The department's Bureau of Employment Security said its May survey of labor market trends show that employers in about two-thirds of the nation's 150 major industrial centers expect further slight seasonal employment gains into mid-summer.

The May job totals were due to be released in mid-afternoon. A further rise in employment, and decline in unemployment, were down by heavy spring rains, is expected. Farm employment, kept due to show some increase. Unemployment normally drops by over 250,000 from April.

The Employment Security Bureau's report indicated that job recovery is moving along faster than it did after the 1958 recession.

## Bulletin

By THE ASSOCIATED PRESS. Rafael Leonidas Trujillo, dictator of the Dominican Republic for 31 years, was reported today to have been assassinated. This word reached President Kennedy in Paris and the State Department in Washington.

Regular direct communication between the Dominican Republic and the United States, as well as with Haiti, adjacent to Dominican Republic, was cut off.

Rail Lookout  
Petitions to  
Be Filed

LITTLE ROCK (AP) — Backers of a move to get a popular vote on a 1961 act repealing the so-called railroad lookout law planned to start filing the necessary petitions today.

LI. Gov. Nathan Gordon of Morrilton, an attorney who is leading the drive, said petitions with 15,000 names would be filed today with the Secretary of State.

He said opponents of the repeal law are sure to have more than the required 25,000 signatures before the June 6 deadline for filing petitions.

He said the first batch was being filed ahead of the others so state officials can begin counting them.

The 1961 act changes the responsibility of railroads in accidents on railroad right of way. The old law passed in 1891, required trainmen to keep a lookout for persons or property on railroad right of way. The 1961 act repealed it.

Class Time for  
500 Students

LITTLE ROCK (AP) — Most Arkansas school children are just starting summer vacations. But for about 500 students it's almost class time again.

Education Commission Arch W. Ford said Tuesday that about 30 school districts mostly in cotton-growing eastern Arkansas still use the split-term school plan. This method frees children during cotton chopping and picking seasons but puts them in school in July and August.

The State Education Department frowns on split terms and is working to eliminate it.

## Coming to Meet

MOSCOW (AP) — Premier Khrushchev was on a slow trip through the Soviet Union and Czechoslovakia today on his way to Vienna where he will meet with President Kennedy next Saturday and Sunday.

Immediately  
Opens Talks  
With DeGaulle

By JOHN M. HIGHTOWER

PARIS (AP) — President Kennedy and President Charles de Gaulle reached "general agreement" today on the problem of West Berlin in the opening session of their Allied policy conferences.

This result was announced by a U.S. spokesman. He said the agreement was achieved within the course of a 45-minute discussion when they first met.

Press secretary Pierre Salinger told newsmen that during the day the two presidents "discussed Berlin, problems of Southeast Asia and the Geneva conference on Laos."

Kennedy began his first venture in summit diplomacy with De Gaulle after receiving a 101-gun salute and a warm welcome from the people of Paris.

The streets of the French capital, brilliant with red, white and blue flags against the soft green foliage of spring, wore a gay and festive air. But the political atmosphere was grimmer. On Saturday Kennedy will meet Soviet Premier Khrushchev in Vienna, Austria, under the threat of a new Berlin crisis later this year.

Kennedy and De Gaulle opened their policy talks 45 minutes before lunch in Elysee Palace, and were to continue this afternoon. Their concern with a new Berlin move by Khrushchev was a major subject for discussion.

Kennedy on his arrival publicly assured De Gaulle that their own talks in his view are as important as his meeting with the Soviet premier.

The young American leader called on De Gaulle, senior statesman of the Western Big Three, just two hours after his jet airplane landed at Orly Airport. He had flown from New York in 6 hours and 51 minutes.

De Gaulle, 70, greeted Kennedy 44 with obvious warmth in his handshake, in his resonant rolling French he told Kennedy: "You are most welcome to France." He spoke of the "difficult circumstances in which the world finds itself and which weigh upon our two countries to concert their actions."

Speaking without notes as did De Gaulle, Kennedy delivered in response a brief prepared statement calling for greater Western unity and strength.

After the colorful ceremony of the airport arrival with military band and honor guard, the two chiefs headed a motorcade into the city, through the spacious Place de la Concorde and back across the Seine River to the Quai D'Orsay, the Foreign Ministry building where state visitors are housed.

In the heart of the city Kennedy was given the traditional 101-gun salute for a visiting chief of state. As he drove through the avenues with De Gaulle he was cheered and applauded as was the First Lady.

By JOHN M. HIGHTOWER

PARIS (AP) — President Kennedy arrived in Paris today and at once assured President Charles de Gaulle that their talks in his view are as important as his meeting this weekend with Soviet Premier Khrushchev.

"I have neither held nor planned any talks that are more important," said Kennedy in obvious answer to critics who felt he should have deferred his meeting with Khrushchev so as not to detract from the importance of his talks with the French president.

"Our common goals," said Kennedy.

## Successful Test of Nike-Zeus

CAPE CANAVERAL, Fla. (AP) — For the first time, target-tracking radar for the Nike-Zeus anti-missile missile has been tested successfully against an Atlas missile soaring into the South Atlantic.

The Army called the test "a significant achievement in the Nike-Zeus development program."

The test, revealed Monday, involved a huge radar screen on Ascension Island. It looked into the Atlas nose cone as the cone died toward its target last Friday near the end of a 5,000-mile flight from Cape Canaveral.

The 24-foot dish antenna is a discriminating device, capable of sorting out the actual warhead from so-called missile "junk" such as pieces of booster rocket. It also is not fooled by nose cone decoys ejected by the rocket, according to the Army.

The target-tracking radar is one of four radar systems to be used in the complex Zeus system which is designed to launch a missile to destroy rockets before they reach the United States.

## Still Seeks a Pea Ridge Stamp

LITTLE ROCK (AP) — Will a special stamp commemorating the Civil War Battle of Pea Ridge, Arkansas, be issued or won't it? The answer, not too long ago a definite "no," now has moderated to "maybe."

Sen. J. William Fulbright, D-Ark., has pending before a Senate committee a bill to provide for a stamp to commemorate the 100th anniversary of the battle at the northwest Arkansas site. But he doesn't know what kind of luck he'll have in getting it through Congress.

Postmaster General J. Edward Day recently rejected the idea when approached by George H. Benjamin Sr., co-ordinator of Civil War Centennial activities in Arkansas.

Benjamin then took the matter to Fulbright.

The measure would have the stamp placed on public sale March 7, 1962, the 100th anniversary of the battle.

## Special Course to Be Offered

TALLAHASSEE, Fla. (AP) — All Florida public high schools, under a new state law, will offer a six-week, 30-hour course in "Americanism versus communism."

A bill requiring a course contrasting merits of American constitutional government with the evils of communism sailed through the Florida legislature with only a smattering of opposition and was signed into law Monday by Gov. Farris Bryant.

population, and that there is no deliberate segregation.

In Jackson, Miss., with 52 segregation-challenging bus and train riders already arrested, police said unlimited jail space is available for others. Eight more riders were jailed Tuesday.

At the hearing in Montgomery, three witnesses pleaded the Fifth Amendment Tuesday on some of the questions put to them.

One was cited for contempt after he refused, for a while, to tell the judge who advised him to use the Fifth Amendment plea.

Charles D. Prince, district manager of the Southern Bell Telephone Co., was the final witness on the second day. A government attorney had started to ask for records of any phone calls between Anniston and a Klan leader when the judge recessed for the night.

Testimony so far has shown that biracial groups of Freedom Riders met with violence in Anniston and Birmingham on May 14 and in Montgomery on May 20. Also in Montgomery Tuesday, the Alabama Court of Appeals upheld the conviction of 12 Negroes arrested in a series of sit-ins, ruling that a merchant can serve which customers he sees fit.

Ten Negro students were fined \$100 and costs each and sentenced to 30 days in jail under a city ordinance which makes it unlawful to remain on the property of another after being warned to leave.

Two Negro leaders, the Rev. F. L. Shuttlesworth and the Rev. Charles Billups were convicted of organizing the sit-in demonstrations.

Elsewhere, eight more integrationists arrived at Jackson, Miss., and followed their predecessors to jail as the Freedom Rider movement continued.

The riders jailed Tuesday—five white and three Negroes—rode a train instead of a bus and were arrested when they tried to use white facilities at the railroad station in Jackson.

In Miami, 25 Negro teen age boys in an impromptu swim-in at an undesignated beach drew a crowd of 300 shouting, shouting Memorial Day bathers and boaters. Police brought the situation under control and prevented any outbreak of violence.

An Associated Press survey for a 102-hour, non-holiday period from 6 p.m. Friday May 12 to midnight Tuesday May 16 showed 341 traffic fatalities. Other violent deaths included 14 in boating 78 drownings and 106 in miscellaneous type accidents a total of 539.

## Travelers Again Blast Shreveport

By VERNON BUTLER

Associated Press Sports Writer

Ron Hubbard didn't stick around long enough last season to show Macon fans anything while he was trying to make the Sally League club but he's showing the city's Southern Association entry too much—as a hitter a relief pitcher and now a starting pitcher.

Hubbard now an Atlanta left-hander Tuesday night checked Macon on seven hits in his first 1961 venture as a starter and pitched the Crackers to a 2-1 decision their fifth straight over the Peaches.

The slim lefty whipped Macon May 9 and May 27 in relief jobs that included some potent bat work. He drove in four runs with two doubles in the latter game and he knocked in the winning run in the 15th inning in the other.

Birmingham stayed in first place by beating stubborn Mobile 6-4 on two unearned runs in the 13th inning. Chattanooga remained on the heels of the Barons by shading Nashville 4-3 and Little Rock continued to torment the pitching-poor Shreveport Sports 9-2 as all four first division clubs were victorious.

Veteran Don Bradley stifled Shreveport for his third victory in five decisions for Little Rock and he powered a triple in the fifth inning that triggered a four-run uprising that broke a 2-2 tie. Only runs off Bradley came via Frank Cipriani's two-run homer in the fourth. Cipriani's wallop matched a two-run homer by Pete Ward that gave Little Rock an early lead.

## Garage Damaged

VIENNA (AP)—A heavy explosion Sunday night damaged the concrete entrance to a garage at the back of the city hall. Police said a piece of paper on which anti-Semitic words were written was found close to the scene of the blast.

## Nine Meet Death by Violence

By THE ASSOCIATED PRESS

The Memorial Day holiday ended with Arkansas' accidental death toll at 10. Eight persons died in traffic accidents and two drowned.

Only one highway death occurred on Memorial Day Tuesday but another person died that day of injuries received a day earlier. And Brose M. Fowlkes 60 of Heber Springs drowned Tuesday while fishing on the Little Red River. A companion James Alton Bittle of Heber Springs reached safety after their boat overturned but Fowlkes was swept away by the current.

Tuesday's traffic death was B. E. Spang 83 of near Jacksonville who was struck by a truck driven by Homer Mantooth 25 of near Jacksonville as he crossed Highway 161 at Dixey near North Little Rock.

Homer Wood 51 of Alicia died in a Newport hospital of injuries received Monday when his car struck a tractor on U.S. Highway 67 about three miles south of Newport.

The holiday death count began at 6 p.m. Friday.

One person was killed when a pickup truck overturned in a ditch near Johnsonville in Bradley County Saturday. Three others were killed in the head-on collision of two cars near Searcy Sunday. The collision of a pickup truck and trailer truck near McGehee Monday night claimed the life of H. Seale Smith 47 a Dermott construction worker.

A four-year-old Bearden boy was killed Monday when struck by a car near his home.

The drowning occurred Saturday at a lake near Brinkley.

edy in his brief arrival speech at Orly Airport, "are greater Western unity and strength—the preservation of freedom—and the day when France will never again be a beachhead for war but a fountainhead of peace."

"I come not merely because of the past but because of future associations in the defense of the West—in the defense of freedom everywhere," the President continued. "Once again France under a great captain is the central figure of the common effort."

Kennedy saluted France as "our oldest friend" and "since before my nation's birth the well-spring of Western philosophy and ideas."

"But I am here to pay tribute to France, not for her past glory but for her present greatness," Kennedy declared.

## Plane Gear Jams, Four Escape

LITTLE ROCK (AP)—Four persons escaped unharmed when their light plane its landing gear jammed skidded down a foam-coated runway in an emergency landing at the Little Rock Air Force Base Tuesday night.

Pilot Van Brooks who operates the Russellville airport was flying Mrs. R. E. Willoughby of Russellville and her two young sons on a sight-seeing trip.

After taking off from Russellville Brooks discovered that the tricycle landing gear on the Cessna 120 had failed to retract completely.

He radioed the Little Rock Municipal Airport of his trouble and asked that a coating of foam be put on a runway.

Officials relayed his request to

Brooks brought the plane in for a belly landing while crash and firefighting equipment stood by in case it was needed.

But the plane slid to a safe stop and the four climbed out unharmed.

The plane's tail section and landing gear were the most heavily damaged parts of the craft.

## DOROTHY DIX

Husband Gads,  
Wife Fears

By HELEN WORDEN ERSKINE

Dear Helen: I've been married a year or more and have a baby boy two months old. Lately my husband comes home from work, gulps his supper, dashes out and returns at midnight with liquor on his breath. It seems like he has lost all interest in me and baby. I get so lonely, sitting home every night while he's out. Maybe he is just trying to stick our marriage out for the baby's sake. What should I do? —Lonely Wife

Dear Lonely Wife: Find out who these friends are that draw him like a magnet from his wife and baby. Pull a surprise party on him. Invite them to the house. Perhaps he'll take the hint. If he doesn't, let me know.

Dear Helen: After 17 years of marriage, my wife left me two years ago for another man. Our three children, two boys and a girl, remained with me. Six months ago I met a lovely girl but she is only 14 and I am 47. Her parents forbid her to see me. I told her I would wait till she is old enough to marry. Her parents stopped letting her come to town. I have my own home and a good job. Can you help me straighten things out? —J.J.A.

Dear J.J.A.: I don't blame the poor child's parents for looking upon you as a cradle snatcher. You're asking for trouble if you wait for a girl 33 years your junior. So is she. Find someone nearer your own age.

Dear Helen: What do you do with children whose husbands and wives make up all kinds of stories about us because they haven't got the things we have? We've done all we can, even to making down payments on their homes. Talk about ingratitude! We want to be friendly but not at the expense of condoning gossip and lies. —Disgusted

Dear Disgusted: You and your husband have undermined the character of your children by over-indulging them. No properly reared son or daughter would ever permit adverse criticism of their parents. For their own good, see that they pay back the money you advanced. Only then will they respect you.

Dear Helen: Because I make

the most of my opportunities and am out-going. I have a wide circle of friends, many of them leaders in our high school. The girl friends in my community become angry when I go with those at high school calling me a snob. Being nearly 18, I am certainly old enough to break away from the crowd. I dislike making enemies but I don't intend to be dominated by those who would dictate to whom I speak and where I go. Have you any suggestions? —K.L.

Dear K.L.: The home girls are jealous of your popularity. Next time one attempts to police you, speak up. Say that you have many friends and you intend to keep it that way. If they want to be among them, well and good, but on your terms, not theirs.

A Short Short Story

## THE SECRET PASSION

By LESTER ARNO

This is a tale of the secret passion of Toni Temper, Chicago's leading model.

It is something that no one else knows.

I am a pharmacist at a small drug store which is located at one of the not-so-busy intersections downtown.

I know. You all have seen Toni Temper. I don't mean in person, necessarily. I mean the ladies have seen her at all the top fashion shows; the men have seen her fondling bottles of beer on television; the children have seen her as "Aunt Toni" on "Toni's Puppet Show"; patrons of the best bars have seen her as herself, a glittering jewel in the town's Cafe Society adornment.

Toni Temper is a yellow-haired, tall, well-proportioned, blue-eyed young woman. Her lips are full and inviting. She is striking, no matter how she does her hair. Almost any type of clothing, from formal to bathing suits, seems to have been invented especially for her. The fact that she is charming and healthy becomes apparent at first glance and is strengthened by subsequent glances. You don't

By ED WILKS  
Associated Press Sports Writer

The Cincinnati Reds tied San Francisco for first place in the National League race by sweeping a Memorial Day doubleheader from the Giants 7-6 and 6-4. Los Angeles made it a virtual three-way jam at the top by beating St. Louis 5-3. The Dodgers are just .010 percentage points behind the Reds and Giants.

The Chicago Cubs took two from Pittsburgh 5-3 and 10-0, and last-place Philadelphia held Milwaukee to a split. The Braves won the opener, 3-1, then lost 11-4.

In the American League, Detroit's lead was shaved to 2½ games when the Tigers split with Kansas City, winning 5-3 before the A's made off with a 9-3 decision. Second-place Cleveland beat Minnesota twice, 4-3 and 7-5; Baltimore moved into third by defeating the Chicago White Sox 6-0 and 2-1; New York belted Boston 12-3, and Washington defeated the Los Angeles Angels 5-1.

The Reds and Giants slugged seven home runs in the opener, but it was an unearned run—scoring after third baseman Jim Davenport of the Giants dropped a pop up with two out in the ninth—that handed it to the Reds. The Giants just missed with four runs in the ninth, three on homers by Charlie Hiller, Hobie Landrith and pinch-hitter Willie Mays, who had been rested by Manager Al Dark. Rookie Jim Maloney (2-2) was the winner, and hit one of the Reds' three home runs. Sam Jones (4-4) lost his third in a row as a starter.

The Reds then made it five straight with a sweep of the three-game set by scoring four runs in the third against Juan Marichal (2-2) in the second game. Bob Purkey, making his first relief appearance of the season, saved it for lefty Jim O'Toole (5-4) in the ninth. The Giants now have lost three in a row and six straight at home.

Consecutive doubles by Jim Gilliam and Willie Davis and an error by Card catcher Hal Smith brought the Dodgers from behind

INDIANAPOLIS, Ind. (AP)—Texan A. J. Foyt, who sits mightily in a race car seat, won't know until tonight's victory dinner how much he won Tuesday by capturing the golden anniversary 500-mile auto race in a record 139.131 miles an hour.

What he does know is that the \$100,000 or so almost slipped through his fingers in a ferociously contested race that knocked out 21 of the 33 starting cars. And it wasn't until Tuesday night that

with two runs in the seventh against loser Bob Gibson (2-2). Right-hander Stan Williams (4-3) and reliever Larry Sherry held the Cards to three hits, one a homer by Curt Flood. The Cards had two on with one out in the ninth when Sherry saved it by striking out Ken Boyer and getting Stan Musial to line out. It was the third straight success for the Dodgers.

Ron Santo's two-run single won the opener for the Cubs, and right-hander Don Cardwell (4-2)

then blanked the champs on seven hits in the nightcap as the champs lost their fifth in a row. The Cubs, after losing seven straight, beat southpaw Wilmer Mizell (4-2) and right-hander Bob Friend (5-6), collecting 25 hits in the two games and hitting two homers in each. Dick Ellsworth (2-3) was the first-game winner.

Mizell had beaten the Cubs 14 times in 15 decisions going back to 1958. Friend now has lost six in a row as a starter, giving up 10 hits and six runs in four innings in this one.

The Braves won the opener on the four-hit pitching of Bob Buhl (2-4) and a tie-breaking, two-run triple by Hank Aaron in the eighth inning. Left-hander Don Ferrarese (0-2) was the loser in game. Bob Purkey, making his first relief appearance of the season, saved it for lefty Jim O'Toole (5-4) in the ninth. The Giants now have lost three in a row and six straight at home.

Consecutive doubles by Jim Gilliam and Willie Davis and an error by Card catcher Hal Smith brought the Dodgers from behind

he learned he had set a record instead of an almost. This because of a breakdown in the timing.

It was a three-car race in the last stages among Foyt, 26, Houston, Tex.; Eddie Sachs, Center Valley, Pa. and 1959 winner Roger Ward. It finally was decided in the pits.

Foyt made his third and supposedly last pit stop for tires and fuel but the connection on the pressure fueling system wouldn't work. His crew borrowed a refueling rig from Len Sutton's pit and called Foyt back in for an extra stop.

Meanwhile, Sachs was flying and looked like a sure winner after failing to finish in four previous starts. Then his right rear tire wore ragged and he had to stop for a new one with only three laps—7½ miles—to go.

Foyt passed Sachs as the Pennsylvanian was gunning his car out of the pits. The handsome Texan beat Eddie to the finish line by 8½ seconds. With four pit stops apiece, Sachs spent 82½ seconds longer off the track.

Foyt drove the Indianapolis

Bowes Special, Sachs the Long Beach, Calif., Dean Special.

Ward, having handling trouble with a new type Watson car, was less than a lap behind in third place. He could sympathize with Sachs because a worn tire forced Ward to surrender the lead to winner Jim Rathmann late in last year's race.

Mechanical trouble sent Rathmann to the sidelines Tuesday after he had led part of the race. Other leaders at various times included 1952 winner Troy Ruttman, who became physically exhausted; rookie Parnelli Jones and second-time starter Jim Hurtubise.

Hurtubise and Jones both suffered facial cuts from small flying objects, and Jones' cut forced him into a four-minute pit stop.

### Matches All Set

SAN JUAN, Puerto Rico (AP)—Jimmy DeMaret arrived Tuesday to complete the east for the ninth annual Canada Cup International Golf Matches, with the exception of two teams whose presence for the tee-off Thursday morning was doubtful.

The Korean and Venezuelan teams were reported having visa troubles and International Golf Association officials were attempting to get definite word whether they would get here. If all make it, 67 of the world's best pro golfers and one amateur, Juan Estrada, of Mexico, will start the 72-hole event.

DeMaret's partner is Sam Snead.

The site of this Canada Cup competition is a palm-lined 7,115-yard course in a plush Caribbean resort.

### Yanks Add Player

BOSTON (AP)—The New York Yankees added another bonus player to their minor league system Tuesday by signing Billy Madden, 18-year-old catcher from Danvers, Mass.

Madden, who just completed his freshman year at Boston College, received a bonus of about \$25,000. He will report to the Auburn, N.Y. team of the class D New York-Pennsylvania League.

world road racing champion, drove a shrewd, smooth race to ninth place but he never was in contention. His little English Cooper simply didn't have enough omph on the straightaways.

The race was run without death or serious injury to a driver, in spite of a series of spectacular wrecks on the west main straightaway. A speedway guard, John Masaria, became the old racing plant's 54th fatality, however, when a fire truck backed over him after extinguishing a fire in Eddie Johnson's wrecked car.

## Yankees Blast Seven Homers in Victory

By ED WILKS  
Associated Press Sports Writer

The Detroit Tigers came off with a 2½ game lead in the American League race after the Memorial Day firing, but Baltimore moved into third place, four games behind, with a 6-1 and 2-1 sweep over the Chicago White Sox.

The Orioles did it as southpaw Steve Barber won his seventh with a three-hit shutout and Skippy Brown and Hoyt Wilhelm combined for a four-hitter.

Second-place Cleveland shaved a game off Detroit's lead by beating Minnesota twice, 4-3 and 7-5, while the Tigers split with Kansas City, winning 5-3 before the A's came back for a 9-3 decision. New York belted seven home runs and beat Boston 12-3, and Washington beat the Los Angeles Angels 5-1.

In the National League, Cincinnati tied San Francisco for first by taking two from the Giants, 7-6 and 6-4. The Los Angeles Dodgers made it a virtual three-way jam by beating St. Louis 5-3. Chicago's Cubs won two at Pittsburgh, 5-3 and 10-0, and Milwaukee split at Philadelphia. The Braves won 3-1, then lost 11-4.

Barber walked six and struck out three while blanking the White Sox on three singles for his fifth success in the last six decisions. The Orioles, who have won seven of their last eight, collected 15 hits with Gus Triandos and Jim Gentile, who socked his 13th home run, each driving in two runs. Bob Shaw (3-4) was the loser.

Brown (5-1) then won his fourth in a row, shutting out the Sox on two singles for eight innings. Wilhelm retired the first two in the ninth, then gave up a homer by Jim Landis—the first run the knuckleball master had allowed in 17 innings for the last place White Sox, who have lost nine of their last 10 and are 0-6 against Baltimore. Billy Pierce (1-4) lost it on Dick Williams' home run in the fourth inning.

The Tigers came from behind in the opener on a grand-slam homer in the eighth by Norm Cash, the first man faced by lefty Bud Daley in relief. Bill Fischer (1-1) was the winner in relief. Reliever Bill Kunkel, who lost his first in the opener, then saved the second game victory for Jerry Walker (2-2). Norm Siebern belted a pair of 400-foot plus homers and drove in five runs for the A's. His first, with two on, beat Paul Foytack (2-3) in a five-run third inning.

A pinch single by Don Dillard broke a tie and won the first game for the Indians against Camilo Pascual (4-5). Wynn Hawkins and winning reliever Frank Funk (6-3) stopped Lennie Green's hitting streak at 24 games—long-

est in the majors in two years. In the nightcap, the Tribe scored in three-run bursts in the first and third innings, with half of the runs unearned against Pedro Ramos (3-5). In the nightcap, Mudcat Grant (5-0) won it with three innings of two-hit, shutout relief by Barry Latman after Bob Allison had triggered a five-run sixth for the Twins. Minnesota has lost five in a row and 10 of 11.

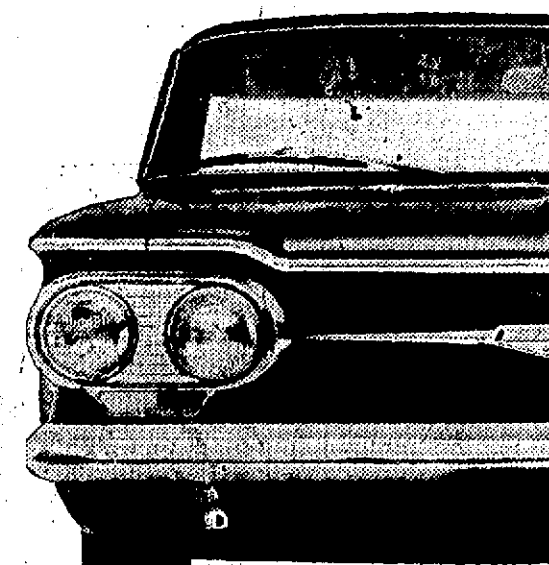

Mickey Mantle, Roger Maris

and Bill Skowron each slugged a pair of homers for the Yankees, tying the major league record for most players hitting two or more in a nine-inning game. Relievers Bill Stafford and Jim Coates blanked the Red Sox on three hits over the last six innings, with Stafford (1-2), the winner, retiring all 12 men he faced. Gene Conley (2-4) was the loser, giving up four homers, the fourth by

Yogi Berra.

The Senators reached .500 for the first time since their second game of the season, behind the six-hit pitching of Ed Hobaugh (3-2). Singles by Jim King and Willie Tasby broke a 1-1 tie in the third off loser Ned Garver (0-3) as Washington won its seventh in a row at home—and handed the Angels their 13th consecutive defeat on the road.

LOW PRICE IS ONLY HALF THE STORY

(The other—and even more satisfying—half you'll discover the first time you drive a Corvair!)

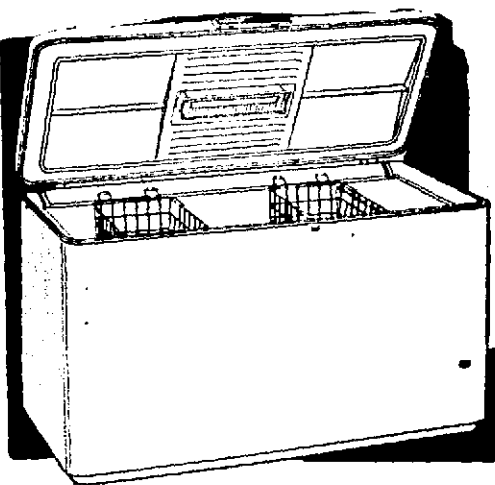

And when we say "low price," we mean more than merely the pint-sized figure on the window sticker of a new Corvair. You're going to be saving like sixty on gas. And on the antifreeze you won't buy next winter, and the radiator repairs you'll never have to pay for. About the only things Corvair doesn't skip on are room, smoothness, style and pure driving joy. ## U. S. Brings Klan in But Can't Prove

MONTGOMERY, Ala. (AP) —

federal attorneys sketched the Ku Klux Klan into the picture of bus station race rioting Tuesday, but were unable for the moment to pin the violence on any Klan member.

A defense lawyer asked the Justice Department to have Atty. Gen. Robert F. Kennedy appear as a witness in the injunction hearing against the KKK and Montgomery and Birmingham police. He received no immediate reply.

The federal government is asking U.S. District Court Judge Frank M. Johnson, Jr., to continue a no-violence order already in effect against the Klan, and to prohibit police from allowing mobs to rough up "Freedom Riders" and other interstate bus passengers. No witness has testified that a Klansman took part in the rioting.

Elsewhere as the Freedom Rider movement continued, eight more integrationists — five white and three Negro — arrived at Jackson, Miss., followed by their predecessors to jail.

The riders jailed Tuesday rode a train instead of a bus, from New Orleans, and were arrested when they tried to use white facilities at the railroad station in Jackson.

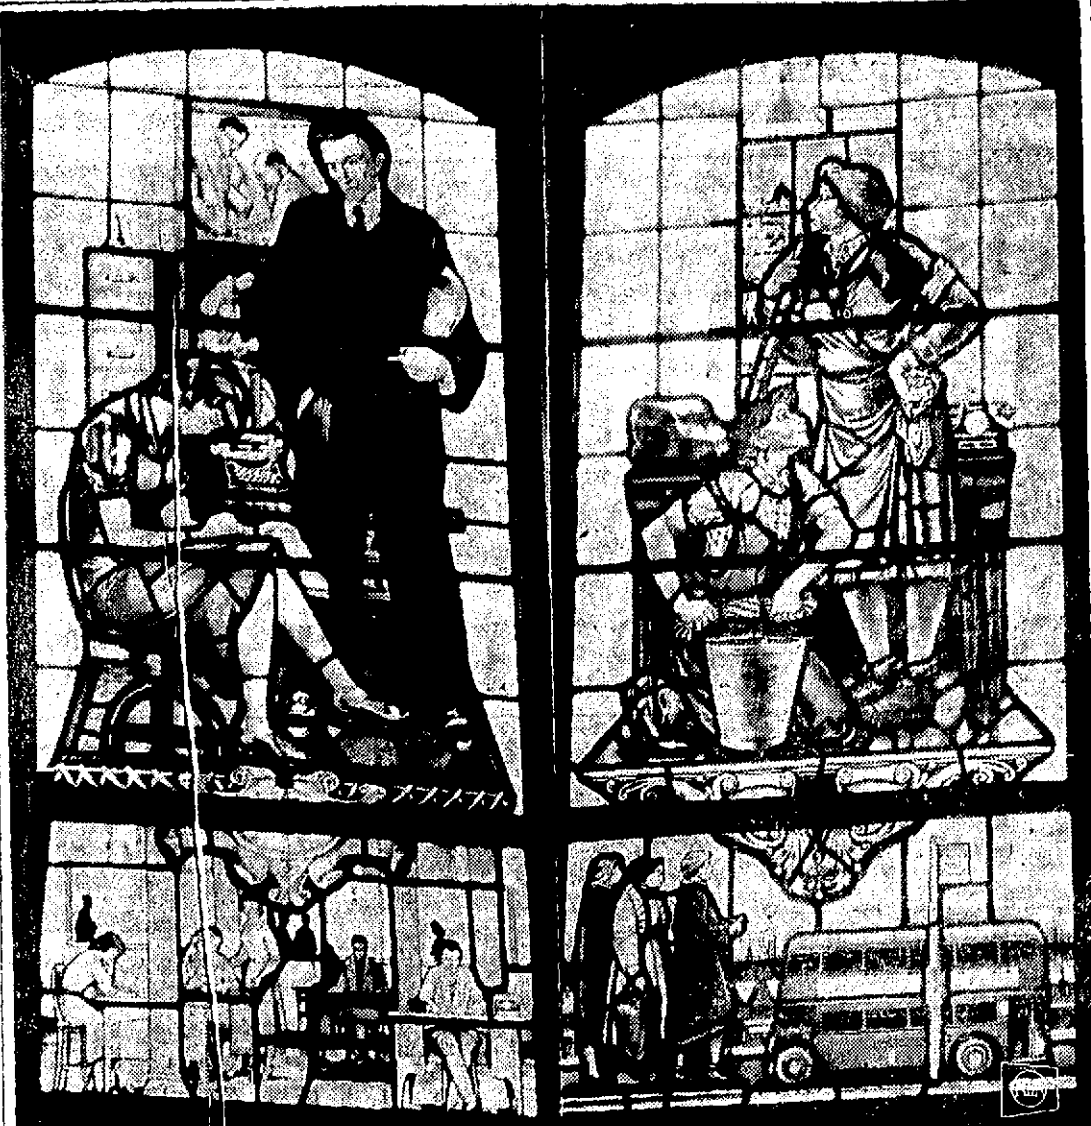

At the hearing in Montgomery, a bakery doughnut maker, Jess Oliver Faggard, 20, of the Altus community near Birmingham, testified that he went to the Trailways bus station there May 14 at the urging of a Klan member identified only as "Red."

Faggard, who said he is a former Klansman, told the court he and his father, also an ex-Klan member, were at the bus terminal when a white mob attacked an arriving group of Freedom Riders. But he said they were not involved in the violence.

The bakery worker, who faces a charge of disorderly conduct as a result of the rioting, said he first went to the Greyhound station in Birmingham, where another Freedom Ride bus was due.

But he said "Red" told him the Greyhound bus had "a little accident" at Anniston, Ala.—a white mob burned it—and advised him and his father to rush to the Trailways depot.

A detective, Melvin Bailey, had said in Birmingham that young Faggard told officers he went to the Greyhound station in response to a telephone call from a Klans-

man.

Asked about that in court, the youth did not deny making the statement, but said he could not recall just what he told police.

"I was scared, mister," he explained, "and I don't know what I said."

A mother witness, news director Jim Atkins of television station WREX in Birmingham, told the court he saw a Klan leader, Robert M. Shelton of Tuscaloosa, at the Greyhound station but not at Trailways.

The request for Kennedy to appear as a defense witness was made by Calvin Whitesell, attorney for Montgomery police authorities. Whitesell told The Associated Press he wanted to find out what, if anything, the attorney general had to do with the Freedom rides.

In Washington, a spokesman for the Justice Department said he knew nothing about the request and could not say whether Ken-

nedy would appear.

A Negro integration leader, the Rev. Martin Luther King Jr., was subpoenaed as a witness by the defense.

A Birmingham newspaper reporter, William A. Mobley of the Post-Herald, told the court Birmingham Police Commissioner Eugene Connor remarked shortly before the Trailways bus reached there "It's just another bus coming and there's not any use sending anyone over there."

However, the newsman said, he took the statement as a joke at the time.

Defense Atty. James A. Simpson tried to bring out in cross-examination that Police had been alerted for days to watch for Freedom Riders arriving by Greyhound, but not by Trailways.

An FBI agent, Thomas J. Jenkins, testified that he talked with police several times but nothing was said about a Trailways bus until the day it arrived, May 14.

## Object Rips Hole in a Freighter

SEATTLE, Wash. (AP)—The freighter Island Mail, north bound from Seattle, hit an unidentified object Monday and a hole 30 feet long and two to three feet wide was ripped in her side.

The accident was on the west side of Whidbey Island, between Port Townsend and Anacortes. The Island Mail was grounded two miles west of Anacortes. The crew of 50 and four passengers were reported unhurt and out of danger as Coast Guard craft stood by.

The pilot was Dewey Soriano, president of the Pacific Coast Baseball League. He is rated as a captain in the Puget Sound Pilots Association.

The vessel, loaded with scrap, piling, military goods and lumber, was to call at Bellingham, north of Anacortes, and then head for Yokohama.

## Carbo Found Guilty of Conspiracy

LOS ANGELES (AP)—Frankie Carbo, reputed underworld boss of boxing, was convicted today with four others on conspiracy, extortion charges. They were accused of trying to muscle in on the contract of former welterweight champion Don Jordan.

Sentencing was set for July 20. The defendants were ordered held in the county jail until then.

Accused with Carbo were Frank (Blinky) Palermo, a Philadelphia fight manager and asserted front man for Carbo; Truman Gibson Jr., head of the now defunct International Boxing Club; and Joe Sica and Louis Tam Dragna, Los Angeles men accused of attempting to aid the others get control of Jordan's contract.

During the 13-week trial the government traced the activities of the defendants and attempted to show that they had tried to take over well known fighters with threats of halting matches because of powerful connections.

The federal prosecutor, Alvin N. Golstein, in his argument to the jury in U.S. District Court, said: "You have been introduced to a sort of underworld. This is a world of perjury, treachery; men who demand money they haven't earned and men who laugh when told someone is afraid of them."

## Must Strengthen United Nations

HYDE PARK, N.Y. (AP)—Adlai E. Stevenson said today that "nothing is more urgent than the movement to strengthen the United Nations and to increase its capacity to deal with the tension and trouble of our tormented world."

Stevenson, U.S. ambassador to the United Nations, discussed the work of the world body in remarks prepared for memorial services at President Franklin D. Roosevelt's grave.

Stevenson recalled that Roosevelt campaigned for the League of Nations when he ran for vice president in 1920. After this country rejected membership in the league, Stevenson noted, Roosevelt sketched the outlines of what he called a "society of nations" in 1923.

He said "it is interesting to note the number of resemblances between Franklin Roosevelt's plan of 1923 and the United Nations we know today."

## Meat Workers Strike

BUENOS AIRES, Argentina — Some 25,000 workers in meat packing plants throughout the country struck for 24 hours Tuesday and more than 35,000 members of the maritime union planned a 24-hour stoppage Wednesday. They are demanding increases in salaries and fringe benefits.

## Daryl Spencer to Dodgers

ST. LOUIS (AP)—The St. Louis Cardinals traded shortstop Daryl Spencer to the Los Angeles Dodgers today for shortstop Bob Lillis and rookie outfielder Carl Warwick.

Lillis, who has seen little action this year with Maury Wills holding down the shortstop post with the Dodgers, will replace Spencer as the No. 1 Cardinal shortstop. Lillis will be 31 Friday.

Spencer, who will be 32 in July, is hitting .260 and has drawn some boos in recent games for fielding lapses.

Warwick, 24, a graduate of Texas Christian University, was described by a Cardinal spokesman as a fine power hitting outfield prospect.

## Letters Out in Support of Bonds

LITTLE ROCK (AP) — Contractors and school board members over the state have been mailed letters urging support of Gov. Orval E. Faubus' proposed \$40 million state construction bond program, it was disclosed Monday.

The letters to the construction men were mailed by R.D. Nabholz of Conway, himself a contractor. Harold F. Ohlendorf of Osceola, chairman of the Arkansas Building Program Committee, sent the letters to school board members.

The Arkansas Education Association, a major opponent of the plan, got support from two more organizations Monday.

Officials of the Little Rock Women's Emergency Committee for Public Education and the Arkansas Democratic Voters Association, a Negro group, voiced opposition.

"Our industry pays a large percentage of the taxes and our industry would be effected economically by the issue," Nabholz said in his letter.

He urged support of the measure as a stimulant to the state's economy.

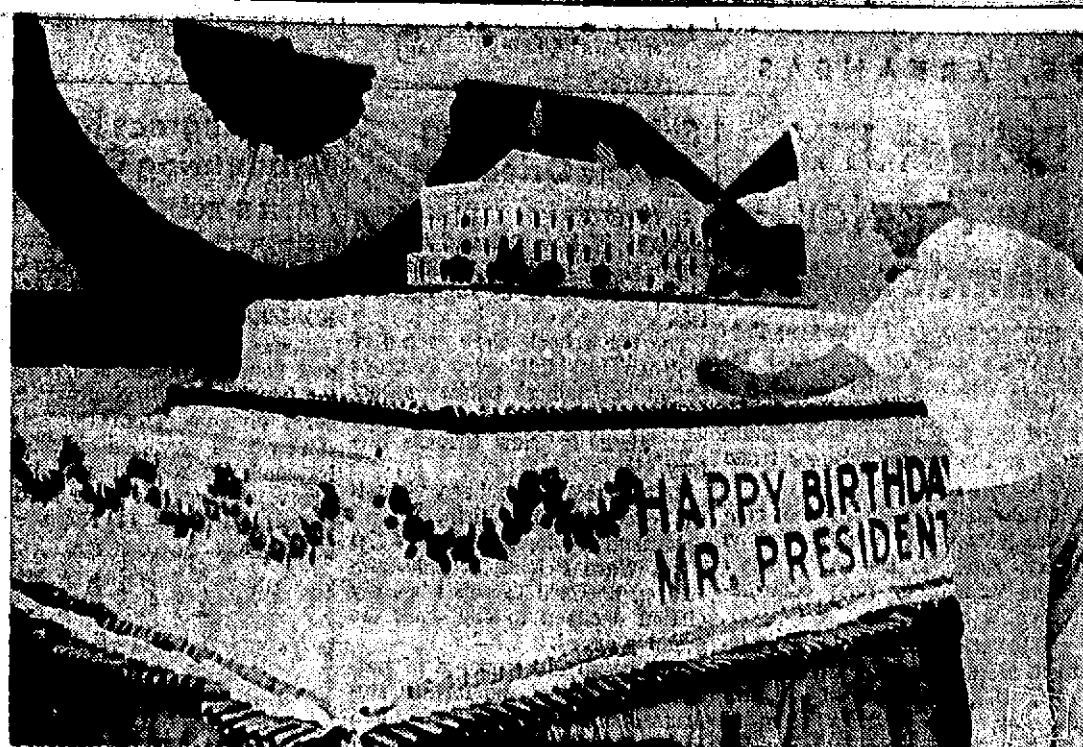

Ohlendorf used his letter to deny that money to retire bonds would require diversion of public school funds, as has been charged by the AEA.

Forrest Rozzell, AEA executive secretary, was quick to challenge parts of the Ohlendorf letter.

He declared that the public schools get less than one-third of the state's tax money, and not the one-half that Ohlendorf said they get. The bond program must pass a public vote at an as yet unscheduled special election.

## Nikita Sure to Turn Up Spectacular

By ENDRE MARTON

WASHINGTON (AP) — Communist diplomatic sources hinted today that Nikita Khrushchev may turn up with some spectacular new proposals when he meets President Kennedy in Vienna. Sources who claim to have background information recall that the Soviet premier usually comes up with sweeping proposals whenever he crosses the Iron Curtain. Last fall, for instance, he submitted his ambitious plan for general and complete disarmament when he attended the U.N. General Assembly.

Despite the cautious wording of the Moscow official communiqué announcing the Vienna meeting of the two leaders, informants here doubt that Khrushchev would be satisfied with a simple get-together.

Moscow's version was closely parallel to the U.S. announcement

which laid stress on acquaintance-ship between the two leaders and an exchange of general thinking.

Some of the informants who expect Khrushchev to go outside that field suggested his new ideas might be in connection with the German problem, and especially Berlin.

They conceded this was nothing more than speculation, but based it on what they called logic of events.

Moscow, these informants said, is now aware that the West will never accept the 1958 Communist proposal to transform Berlin into a "free" city. The Soviets, on the other hand, need to produce some progress on the Berlin question to placate the East Germans and the Red Chinese, both inclined to accuse Khrushchev of appeasement.

## Declares Nation Should Be First

HOT SPRINGS, Ark. (AP) — Americans should always place the nation first in the field of international affairs, Rep. Dale Alford, D-Ark., told the Arkansas Hospital Association Monday night.

"When fighting outside domestic policy, let us stand for America first," he told delegates to the association's 31st annual convention.

Kenneth Williamson, director of the Washington bureau of the American Hospital Association, told the group that a health care plan for the aged is likely to be passed by Congress "this year or next."

"Our association is still opposed to the use of Social Security for financing health care for the aged," Williamson said.

Clyde S. Nevill of Paragould was selected as president-elect of the Arkansas group. A. Allen Weintraub of Little Rock succeeded Andrew Talley of Arkadelphia as president.

## Staff Going to Appraisal School

By JOHN R. STARR

LITTLE ROCK (AP) — The Arkansas Highway Department is sending its appraisal staff — and other employees who might handle appraisal reports — to school each Friday for 30 weeks.

Idea of the hour-long weekly classroom session is more concise and complete reports — as Director F.H. Oliver puts it, "a report that anyone who reads it can understand."

"We're trying to educate people of the various departments as to what information appraisers need and what information the appraisal report will give them," said E.P. Nelson, chief of the Right of Way Division, who, along with Personnel Director D. W. Davidson,

organized the school. The Highway Department's appraisal reports are the key to right of way acquisition. Often they become factors in lawsuits when the department has to go to court to obtain a needed piece of property.

Appraisal work in the Highway Department isn't simple, because most often the department doesn't want to buy an entire piece of property — only a section of it. "It's a lot simpler buying it all," Nelson said. "When you don't take all, you get into problems."

The Highway Department appraiser, then, has to figure the value of a parcel of property in relation to the entire property, the road to be built, etc.

Most sessions of the appraisal school, which started April 21 and runs through Nov. 10, deal with technical aspects of appraisal. But the May 12 class was devoted to "Good Public Relations in the Right of Way Function."

"Public relations is important,"

Nelson said, "because basically the right of way man spends more time with the public than any other man in the Highway Department."

And the department would rather negotiate to buy a piece of property than to go to court for it. Chances of negotiation are minimized if the appraiser makes the property owner mad.

Highway Department officials are handling lectures in about half the 30 sessions. Others are under direction of personnel of the Bureau of Public Roads and several are being supervised by fee appraisers — private businessmen who make appraisals for the Highway Department on a fee basis.

Attendance ranges between 35 and 40 at each session. The 13 members of the appraisal staff are required to attend. Personnel from the legal, survey, design, engineering and research divisions also are signed up for the course. Several fee appraisers are attend-

ing as students.

On completion of the course, Nelson hopes, appraisers will know exactly how to operate from the moment they walk onto a piece of property until the moment the sale is closed. And there will be uniformity in the operation from start to finish.

"It should get everybody thinking in the same direction," Davidson said. "we expect this school to result in a report that will show the complete appraisal process."

## One Sponsor Has Kept Show 8 Years

BY PHYLLIS BATTELLE

NEW YORK — In the slippery world of television, sponsors are constantly skidding off from under one show and sliding back of another. It is remarkable, then, to note that on June 28th "The United States Steel Hour" will celebrate its eighth year of continuous live dramas by signing up with the Theatre Guild for another 13 months.

To understand why a huge corporation should be so apparently content with one program (especially one with decidedly fluctuating ratings), you need only talk to the show's producer. She is a lady. With enormous charm and common sense.

"Why, the reason is very simple really," says Armina Marshall warmly. "When we started out — it was 17 years ago, because U.S. Steel sponsored our radio show for nine years before television — well, it was just a matter of coming to an understanding."

"We learned all about how to make steel. And they learned how to put plays together. We found both businesses were fascinating and worthy of respect, and that is the whole secret. We respect their steel and they respect our drama."

Miss Marshall, who is a co-di-

rector of the Theatre Guild as well as TV producer, makes everything look so simple. Like the matter of ratings, which throw the fear of neilsen and arbitron into most TV personalities:

"Oh, of course it's lovely to get fine ratings," she says, "but you can't expect that every week any more than you can hope to do a masterpiece each time. It can't be done, can it?"

The "Steel Hour" is considered something of a phenomenon also in that it has continued to be telecast live, while virtually all other dramatic shows have gone to videotape or film. Among the strong talking points for taping shows are the facts that big-name stars can perform at their own convenience on tape, and that editing can make a "perfect" production.

Miss Marshall concedes there has been "talk" of converting her show from spontaneous to "canned," but she is adamant. "By doing shows live, we're closer to the theatre. The actors play for an opening night. You can feel the pulse change, you can get a finer performance, you can sense the immediacy."

"No taped show 'feels' quite the same — and I'm sure that when we have pay-TV, the reason people will pay to see drama is because they're seeing it done right on the spot. It is the difference between movies and the theatre. A very great difference indeed."

For a fragile-looking, petite woman, Armina Marshall has convictions seemingly fashioned of her sponsor's product. It is asy to un-

derstand when you consider "I used to sleep with a pistol under my pillow when I was a little girl."

Her father was sheriff of Pawnee Co., Oklahoma, and that was wild territory during her childhood 50 years ago, she spent the days riding and shooting with an older brother, and on Sundays practiced sharpshooting with her pa. She might have grown up to be a two-fisted schoolmarm except that she saw "Uncle Tom's Cabin," and decided to be an actress.

"Twas 'Little Eva' turned the tide." She taught school for two years, earned enough money to go to New York, studied at the Amer-

ican Academy of Dramatic Arts, became a Broadway actress. In 1924, she married Lawrence Langner, founder and co-producer of the Theatre Guild, and gave up acting for behind-the-scenes theatrical work. Despite her Cherokee strip heritage Miss Marshall never watches TV westerns:

"Tell you the truth, once you've seen the west live it's not much fun seeing a reproduction."

...Exactly her attitude toward live vs. tape TV.

## Blames JFK for Tractor Blunder

TUCSON, Ariz. (AP)—Sen. Barry Goldwater, R-Ariz., said today it was not Fidel Castro but President Kennedy who "blundered" his way into a major blunder in the tractor-prisoner trade deal.

Goldwater, leader of the conservative wing of the Republican party, spoke to several hundred Republican party fund contributors at a breakfast.

Goldwater referred to a statement Monday by Edward R. Murrow, U.S. Information Agency director, that Castro's offer to swap 1,200 rebel prisoners for 500 tractors has generated "a ground swell of disgust" throughout Latin America.

"It is clear that Castro has blundered his way into a major blunder," Murrow said.

Goldwater said, "Murrow has got his leaders mixed. It was Kennedy who did the blundering and the blundering."

The President, Goldwater said, violated the Second Article of the Constitution by permitting the tractor fund committee to enter into negotiations with a foreign power.

"The only solution Kennedy has for the serious problems facing this country is to put a man on the moon within the next 10 years," Goldwater said.

"I think that the solution is to get a Republican into the White

Armand Duval, president of the Ninth Ward Private School Association, declined to say what day the group planned.

The group is composed of parents of many of the former students of the two schools—William Frantz and McDonogh No. 19.
